CHESTERFIELD, S. C. OCTOBER 12, 1916

\$1.00 A YEAR IN ADVANCE

CORRESPONDENCE

CHESTERFIELD, ROUTE 4

Late picnics are better than late watermelons, though we are fond of both.

Some of the farmers in this section haven't picked out a bale of cotton yet, owing to the fact that it just hasn't opened, while others are about done gathering their cotton crops.

Pea crops are very sorry through this section, owing to the fact that many were gathered green.

Our new school house at White Oak is a dandy and our school will start Monday, October 23. But there is one thing that we need badly that we haven't got and that is good roads to our good school house.

Mr. and Mrs. W. F. Horn, of Sugar Loaf, visited the latter's parents near Ruby, Saturday and Sunday.

Messrs. D. L. and J. H. Brown, of near Angelus, visited at Mr. G. N. Clanton's Sunday.

Mr. and Mrs. J. A. McNair visited the latter's parents Sunday afternoon.

Messrs. J. N. Clanton and J. W. Roscoe visited at G. N. Clanton's Sunday.

Messrs. Guss Clanton and O. B. Therrell made a business trip to Chesterfield Saturday.

Messrs. Guss Clanton and Ervin Odom went to Sunday school last Sunday evening and returned home at about 10:30. Wonder where they recited their lessons.

One good friend of The Advertiser on Route No. 2, Patrick sent in a nice letter two weeks ago, but missed last week, and oh, how we do wish that they would write again. So come on, friend. Those letters help our county paper. There were eight pages last week.

We are invited to a picnic and children's day at Palmetto Baptist church next Saturday, Oct. 14th, but we were not invited to advertise it, nor to go without a well-filled basket, but anyway we invite Editor Hearn.

Mr. S. T. Atkinson made a business trip to Angelus last Saturday.

We have received a sample copy of a new paper, the name is "Appeal to Reason," and we do hope that the next one will be "Appeal for Good Roads." We judge that the other writers are blessed with good roads already.

Best wishes to The Advertiser and its many readers.

Ruby Graded School Opened last Monday

The Ruby Graded School had its formal opening last Monday. The exercises were presided over by Mr. McGregor, one of the trustees.

After Scripture reading and prayer by the Rev. Paul T. Wood, Maj. W. J. Tiller was introduced. After a few pointed remarks about school affairs in general Maj. Tiller spoke of his work as Demonstration Agent. He explained to his audience that ignorance of soil nature had cost the South enough money to build many new school houses. The figures presented by Major Tiller formed a strong argument in favor of the scientific side of farming. He mentioned many items of expenditure amounting to millions of dollars and made a noble effort to impress it upon the minds of the school boys that by preparing themselves for the farm, they, as farmers, could save all this good South Carolina money. The speaker had stopped by the roadside and pulled a bunch of clover which he used in his address, explaining to the boys what was meant by "inoculation" and showing the "nodules" containing a very expensive part of the South's fertilizer bill. With a few pointed remarks to the girls about Canning Club work, Mr. Tiller closed his address by recommending Prof. W. E. Wilson, as a graduate of an agricultural college.

Mr. McGregor then arose to sanction from a merchant's viewpoint, the remarks of Mr. Tiller. Mr. Griggs was then called upon to speak for the board of trustees. This he did briefly but pointedly, calling attention first of the teachers to their duties and responsibilities. He then assured the faculty that the board of trustees would uphold them in their work and closed with a few words of exhortation to the few patrons who were present.

Mr. McGregor called for voluntary speeches and the Rev. A. B. Smith, Mr. S. J. Sellers and Mr. J. Sidney Smith responded.

The outlook for a successful term of school is bright.

The faculty is as follows: Prof. W. E. Wilson, principal; Misses Ada Wylie, Marie Smith, Eloise Wright and Mrs. Florence E. Lucas. Miss Charlotte Harrell will be in charge of the music class. All these are new teachers in Ruby except Miss Wylie.

DEATH OF MR. COLON CAMPBELL
Mr. Colon Campbell, of Ruby, was thrown from a spirited horse last Thursday morning, receiving injuries which proved fatal a few days later.

The accident occurred at about 11 o'clock in front of the Presbyterian church, Mr. Campbell falling in such a position as to fracture his skull.

He was hurried to the hospital at Hamlet, where he died on Sunday without regaining consciousness. The burial was at the family cemetery near Sandy Plains Church.

Mr. Campbell was one of the best farmers in the County, well-known for his great industry.

He leaves a wife and seven children.

Big Booster Trip Monday, Oct., 17th

A great deal of interest is being taken in the big, ninety-mile booster trip, that the County Fair management will conduct around the County October 17th, next Tuesday.

It is reported that a great many of the motor car owners in this County are going to make this trip with the Fair Boosters.

The start will be made from Chesterfield at 8 o'clock in the morning, the route being via Cheraw, Patrick, Macedonia, Jefferson, Pageland, Mt. Croghan and Ruby. Stops will be made at each of the above places and short speeches made, inviting the people to attend the Chesterfield County Fair, which will be held at Chesterfield Nov. 8, 9, 10, 11, 1916. Through the courtesy of the good ladies of the Macedonia section, the boosters will be served with dinner at that place.

Last year sixteen automobiles and sixty-six live-wire boosters made a trip around the county in the interest of the Fair. Owing to many requests, the management is going to repeat the booster trip and give the people of the county a chance to make a trip worth while.

It will be good for everyone to make this trip—to have an opportunity to see the various sections of Chesterfield County and note the wonderful progress that is being made. Join the boosters next Tuesday and have a good time. See schedule in another column. The boosters will leave Chesterfield promptly at 8 p.m.

ST. PAUL SUNDAY SCHOOL Cradle Roll Exercises—Promotion Day. Graded Lessons.

Very pretty exercises were held at St. Paul Sunday school recently by the Cradle Roll Department, under the supervision of Mrs. C. K. Curtis.
